Description

Multilinks Latch Duct Interior Plastic Raceway System is a 1 piece design that hinges open for installation access. The molding can be used to route and protect cabling for low voltage data, voice, video, and fiber optic applications. Fittings are available for routing direction changes, extending, and terminating the molding. All bases incorporate a 1" minimum bend radius as recommended for fiber optic cables. The molding is manufactured using a special purpose profile extrusion alloy resin and the fittings are manufactured using an injection grade resin. The product can be painted with latex paint.

Available Fittings:
