Description

C14 Plug to C15 Connector with 14 gauge SJT jacket. Power cord is commonly used between a High-End PDU and Server in a data cabinet. In data environments keep the length of cords to a minimum to avoid contact with Ethernet cables and reduce power loss. C15 has the same pin layout to a C13 but, has a notch on top. 12 gauge cord yields the max amperage for this cord up to 50 feet.

Gauge: 14/3 AWG

Power Rating: 15Amp/250 Volt SJT

Color: **BLACK**
